Preston Tales

We are currently working on a submission to [CountryArts WA](#) for our project **Preston Tales** which will involve local artists supporting the residents of Preston River Valley sharing their *stories of place and community*. This project will help us identify local creatives and will generate stories we can draw on for future tourism and art activities. It is shaping up to be a very exciting initiative. More in our next newsletter!

Promote Preston

The purpose of Promote Preston is enable economic prosperity for the Preston River Valley region. Our **Imagine Greater Wellington National Park** campaign aims to create a world class eco-tourism destination... the "*jewel in the crown*" for the Bunbury-Wellington-Boyup Brook tourism region.
